

Amal Fatani Profile

Professor Amal Fatani is a Board Member of Saudi Human Rights Commission represents the Human Rights at the Saudi National Family Council and The Committee for Enhancement of Mental Health at MOH. She has represented KSA at the UN in Geneva & New York, the Arab League in Cairo & Bahrain, as well as regularly meeting International Delegations and Ambassadors at the Commission. She holds a VP position at TATA Consulting Services (TCS) as Consultant & Head of the All Women Business Process & IT Services Center in Riyadh, KSA, set up by Saudi Aramco and Joint venture between TCS and General Electric (GE) where she helped grow it from 400 when she joined in 2015 to almost 1000 employees as of 2018 ensuring delivery of excellence to 7 customers providing diversified high impact services. She is also A Renal Care Services Consultant at Baxter Intl.

With her background in Health & Education and her extensive network she has collaborated with Ministers of Economy & Planning, Labor & Social Development, Communication and IT as well as Health, to support Saudi Vision 2030 concentrating on women & youth employment & empowerment. Prior to working at TATA she served as Consultant & General Supervisor of Female Affairs, Ministry of Higher Education. This followed her role as General Supervisor of Female Sections in all Sectors in the Ministry. She set up the Annual Leaders in Higher Education Institutes Forum, participated in a variety of National committees & represented the Ministry in several international Events in different continents involving students around the globe. This was a culmination of several leadership positions that helped Dr. Fatani attain vast experience in Education, as well as excelling in communication skills as well as setting up, managing and ensuring the sustained growth of Centers & Colleges whether in the corporate world, the Ministry or King Saud University (KSU). In the latter she was appointed Chair Person of Female Pharmacology & Toxicology Department, going on to becoming the first Vice Dean of Female College of Pharmacy, then as first Dean of (9) Female Scientific & Medical College (Medicine, Dentistry, Pharmacy, Allied Medical Sciences, Nursing, Health Diplomas, Computer Sciences & IT, Basic Sciences, Agriculture and Nutrition), before going on to set up the Female Sections in all Sectors in the Ministry of Higher Education.

She is a founding board member of Saudi Research Science Institute at King Abdulla University for Science and Technology, A Consultant at The Training Room Online TTRO, and a member of the International Affairs Advisory Committee at Al Faisal University. She is currently a board member at King Abdul Aziz and his companions Foundation for giftedness and creativity "Mawhiba" prior to that for (6) years she was a part time Consultant and reviewer.

Prof. Amal Fatani holds a PhD in Pharmacology and Toxicology from the Department of Pharmaceutical Sciences at The University of Strathclyde, UK. Prior to her PhD, She obtained both her Master`s and Bachelor`s degrees in Pharmacology and Toxicology from the College of Pharmacy at King Saudi University, Saudi Arabia where she is currently a Professor.

- Worked with leaders to attain Institutional Accreditation and to ensure KSU was ranked top 100 Internationally and top 10 locally
- Organized Academic Industry Interface Programs & Scientific events to ensure Job readiness of our graduates
- Planned, supervised the engineers and Managed “Prince Naif Research Center for Health Sciences

College of Pharmacy, KSU (1986-Present)

As one of the first Pharmacy female graduates in the Country, spent the next 2 decades supporting the growth of the College of Pharmacy at KSU, being the first in the below mentioned positions as they were created (except head of Department, replaced an expat).

- Head, Student Activities, College of Pharmacy, KSU (1986-1995)
- Head, Academic Affairs, College of Pharmacy, KSU (1999-2005)
- Chairperson, Department of Pharmacology & Toxicology (2001-2005)
- Vice Dean, College of Pharmacy, KSU (2002-2008)
- In the latter headed (30) committees or task groups

Throughout those years worked closely with Dean, Vice Dean & Department Chairs to ensure equal opportunities for female & male graduates whether in qualification of staff, working closely with students, preparing labs and facilitating research capabilities, ensuring International Standards of curricula, attaining accreditation in the Department and then College, and arranging hospital training in the summer and graduation year. Experience was gained in how to set up, grow & lead... this helped me in my subsequent roles in the University, the Ministry & in an International Company.
