

2- Fairs and exhibitions participation

Participating in exhibitions aims to highlight the role of the station and its goals in the University educational, research and training processes. It also aims to present the station's departments and its role in providing the service to the university colleges and research centers related to plant and animal sectors. In addition, extension pamphlets on agricultural, animal, and veterinary science and a review of scientific models is presented.

Exhibitions that were participating:

- 1- Second University and Society fair
- 2- Gardens and flower exhibition, the Sea Side Park, Dammam
- 3- Third University and Society fair
- 4- Fourth University and Society fair
- 5- Fifth agricultural fair, the Ministry of Agriculture division, Al-Ahsa
