- Attending in the 10th Veterinary MRI-user meeting workshop, Ghent (Belgium), 2014.
- Attending in the 10th MRI User Meeting workshop - Bern, Switzerland, 2015.
- Attending in MRI user workshop veterinary symposium. ACVS. 2014. (2 VOLS), California, USA.

EDUCATION QUALIFICATION

King Faisal University, Alhasa , Saudi Arabia

Bachelor of Veterinary Medicine D.V.M May 2004

University of Glasgow, Glasgow, United Kingdom

PhD of Veterinary Diagnostic Imaging July 2017

Doctor of Philosophy of Veterinary Diagnostic Imaging

Titled "Quantitative assessment of the biochemical composition of equine cartilage using 7T ultra-high field magnetic resonance imaging (MRI) techniques"

ADDITIONAL SKILLS

- Computer & Informatics, Technical/Scientific Imaging Skills
- Social, communication & Teamwork skills
- English Lingual Bilingual Arabic and English
- Certified CPR and First Aid

Membership

- Committee for daily running of Veterinary Teaching Hospital.
- Curriculum development committee, college of veterinary medicine, King Faisal University.
- European Veterinary MRI Users since 2014.
- British Equine Veterinary Association since 2013.
- Saudi Veterinary Association since 201.

Conferences and seminars

Attended several conferences and meetings both internationally

- British Equine Veterinary Association 2013, Manchester, UK
- British Equine Veterinary Association 2014, Liverpool, UK
- 10th Veterinary MRI-user meeting, 2014, Ghent (Belgium)
- The American College of Veterinary Surgeons (ACVS) Surgery Summit, 2014, , California, USA
- British Equine Veterinary Association 2015, Liverpool, UK
- British Equine Veterinary Association 2016, Birmingham, UK
-

Workshops

Attended several workshops and meetings both internationally and nationally

- 10th Veterinary MRI-user meeting workshop, Ghent (Belgium), 2014
- MRI user workshop veterinary symposium. ACVS. 2014. (2 VOLS), California, USA
- 11th MRI User Meeting workshop - Bern, Switzerland, 2015
- MRI workshop, BEVA, 2016 , Birmingham, UK
- Successful Institutional Strategies for Enhancing Student Retention and Progression, 2017, King Faisal University, Alhasa, Saudi Arabia
- Active and Interactive Learning , 2018, King Faisal University, Alhasa, Saudi Arabia
- Utilizing a problem solving approach in teaching, 2018, King Faisal University, Alhasa, Saudi Arabia
- Academic supervision form theory to practice, 2018, King Faisal University, Alhasa, Saudi Arabia
- Question mark, 2018, King Faisal University, Alhasa, Saudi Arabia
- Successful assessment, 2018, King Faisal University, Alhasa, Saudi Arabia
- Managing active classroom, 2018, King Faisal University, Alhasa, Saudi Arabia
- Learning outcomes and methods of measurement, 2018, King Faisal University, Alhasa, Saudi Arabia
- Developing the entrepreneurial mindset of students, 2018, King Faisal University, Alhasa, Saudi Arabia.

Publications

(2014) Al Mohamad, Z.A., Voute, L.C. and Marshall, J.F Marshal. Magnetic resonance anatomy of the equine metacarpo/tarsopalangeal region described from images acquired from ultra-high and high field MRI. EVJ.
