<ul style="list-style-type: none"> Course Teaching Philosophy: My philosophy of teaching is to produce an environment that enhances the student's self-learning and critical thinking. I always insist to reach reality in my classroom. I believe that the most important learning occurs when the teacher and student work together to accomplish excellence in teaching and learning. My responsibility is to understand the student's needs and abilities as well as to develop their knowledge, skill and attitude at the highest level.
