ACHIEVEMENTS WITH KFU

Number	Area	Achievement
1	Public Health Internship Programme Leadership	I have successfully led the public Health Internship Programme, initiating and fostering partnerships with reputable training organizations. These partnerships have resulted in a Memorandum of Understanding, enhancing the value and expanding the number of training locations.
2	Partnerships and Collaborations	Notable partnerships that I have led on include those with Johns Hopkins Aramco, which was celebrated at (KFU) level and featured in the KFU News, the National Guards Hospital, Health Clusters, and the Saudi Board for Preventive Medicine, and Local Authorities.
3	Joint Training Workshop	I have developed and led on a Joint Training Workshop which was held on 27 Feb 2025 to maximize the impact of public health field experience and bridge gaps. The workshop brought together stakeholders from training sites and KFU public health staff.

EXPERTISE IN TEACHING

Number	Area	Description
1	Lead Teaching on Key courses	As an expert lecturer, I lead key courses such as Public Health Promotion and Public Health Intervention projects. My approach focuses on providing students with evidence-based public health practice and real-life experiences that inspire hands-on learning in skills labs and public health intervention projects addressing health inequalities in the field.
2	Effective Teaching Methods	In the courses I teach, I emphasize the importance of working effectively with stakeholders to ensure that students gain practical experience in public health promotion and intervention. This approach enables students to develop essential skills in: <ul style="list-style-type: none"> Evidence-based public health practice Real-life experience in public health intervention projects Collaboration with stakeholders to address health inequalities
3	Impact on Student Learning	By combining theoretical knowledge with practical experience, I empower students with the skills and confidence to make a positive impact in public health. This approach is underpinned by experiential learning and community-based education.
4	Collaboration with the Saudi Board Preventive Medicine	I serve as a Lecturer with the Saudi Board for Preventive Medicine in Al Ahsa. This role fosters collaboration with our college, and I receive excellent feedback from the Program Director and students
5	Collaboration with KFU Dental College	I am an External Examiner for the Master in Dental Public Health provided by the college of Dentistry. My input is highly appreciated.

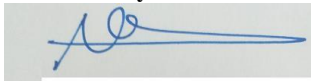

EXTRACURRICULAR ACTIVITIES

Number	Area	Description
1	Extracurricular activities with KFU wide audience.	I have facilitated workshop for KFU wide audience on Public Health Intervention Methods in the Deanship of Students Affair. The workshop was well attended and highly appreciated.
2	Extracurricular activities/CAMS Students' Union	I have organized and moderated Public Health/CAMS webinars, inviting expert speakers from the UK and the World Health Organization. I worked effectively with the CPD unit in CAMS, and we generated excellent publicity that attracted a wide audience from CAMS, KFU colleges, and our partners in the Field Experience.
3	Community Engagement	I have led three workshops with the Ministry of Education on sleep hygiene for its employees. These workshops were highly appreciated and engaging.
4	Alumni Experience	As the Coordinator for the CAMS Alumni Unit, I successfully managed and engaged with alumni for four years. My efforts included sustaining up to date database, effective & engaging communications, organizing annual alumni meetings, which were adapted to virtual formats during the COVID-19 pandemic and resumed in-person gatherings afterward.
