Curriculum Vitae

Personal Information:

Name: Ali Abdul-wahab Al-Alwan

Address:

King Faisal University
Department of Mathematics and Statistics
P.O.Box: 400
Al-Hassa 31982
Saudi Arabia
Phone: 00966(3)5899420
Mobile:
E-mail: aalalwan@kfu.edu.sa

Education:

1988-1993	B.S. in Mathematics	King Faisal University	Saudi Arabia
1995-1997	M.S. in Mathematics	University of Missouri-Kansas City	United States
2003-2008	Ph.D. in Statistics	University of Durham	England

Positions:

1993-1994	Teacher	Ministry of Education	Saudi Arabia
1994-2008	Teaching Assistant	King Faisal University	Saudi Arabia
2008-present	Assistant Professor	King Faisal University	Saudi Arabia
2009-2012	Head of Dept. of Mathematics and Statistics	King Faisal University	Saudi Arabia
2010-2012	Vice Dean of the Faculty Of Science	King Faisal University	Saudi Arabia
2004-2006	Vice-Director of Saudi School in Durham	Saudi Students Clubs	England

Awards:

1998	Prince Bander Bin Sultan	Embassy of Saudi Arabia	United States
------	--------------------------	-------------------------	---------------

Research Interests:

Applications of Bayesian statistics
Applications of Bayes linear statistics
Classification
Applying modern statistical techniques to analyse the environmental impact of pesticides

Publications:

Al-Alwan, Ali (2008). "Bayesian Methods for Analysing Pesticides Contamination with Uncertain Covariates". PhD Thesis. University of Durham. UK.

Conferences:

"Fully Bayesian Methods to Analyze Pesticide Contamination". Research Students' Conference in Probability and Statistics (RSC 2006). 20th -23rd of March 2006. University of Glasgow, UK.

Teaching:

Calculus 1

Calculus 2

Introductory Statistics

Introduction to statistics and probability theory

General Mathematics

Computing:

R, WinBUGS, S-plus.

Writing skills:

Latex, Microsoft Word.

Languages:

Arabic, English.
