

Research Excellence Award for Students at the College of Dentistry (King Faisal University):

The criteria for applying for the Student Research Excellence Award at the College of Dentistry are as follows:

1. The student must be registered in the College of Dentistry (King Faisal University).
2. The applicant's cumulative GPA must not be less than 4 out of 5.
3. The works submitted for the award must have been completed within the two years preceding submission, and have not previously been awarded an award in previous years.
4. The researcher's affiliation with King Faisal University must be indicated in the research
5. The submitted research must be published in journals listed in the ISI and SCOPUS databases.
6. Submission for the award must be made within the specified period "announced for submission," and the award application form must be filled out.
7. All required conditions and documents must be met.
8. The person who received the award may not apply for the same award again during the following two years.
9. The award-granting body has the right to withdraw the award after granting it if it is proven that any of its conditions or the ethics of scientific research are violated, and the person from whom the award was withdrawn is not entitled to apply for it again.
