Preface

Dean Dr. Bandar E. Al-Dhubaib Leads the school strategic agenda and ensures the the school has the operational framework and resources required to succeed. He ensures the school meets its mission, advances and delivers continually improving academic and patient care program.

The annual reports (2018-2019 G, 1439-1440 H) represents the achievement of the COCP in the Pharm D program including the academic admission, progression, and graduation of the students. Moreover, it includes the research, services, administrative activities, the community services activities, student's activities, and the cooperation with scientific institutions both local and international.

The works of the COCP as a mission is closely with KFU mission, will do further succeed in leading revolutions in health.

The report reflects the efforts that have been made by the staff of the COCP to complete all the works and demonstrate the interest and attention of the University Administration.

I would like to thank all the faculty members and administration staff for their efforts that they accomplished in the current academic year.

**Dr. Bandar E. Al-Dhubaib
Dean, COCP, KFU**

COPP Annual Report

(1439-1440 H, 2018-2019G)

The college of pharmacy (COCP) at the king Faisal University, Al-Ahsa, Saudi Arabia offers a five years' Pharm. D. program in clinical pharmacy plus one prep year. It was established according to the Royal Order 167/8 on June 10th 2002 (29/3/1423 H.) to prepare clinical patient-focused pharmacist to cope with the changing health needs of the Kingdom. The study commenced in the academic year 2004-2005 (1425-1426 H.) with 25 male students followed by 27 female students in 2008-2009 (1429-1430 H.), and right now male students are 143 and female students are 249.

Vision of the College

Leading in engaging the community through excellence in research, education, and leadership.

Mission of the College:

To excel in pharmacy education, patient centered care, community engagement, and research.

College Strategic Goals

- 1- Prepare Pharm.D. Graduates through excellence in pharmacy education and training.
- 2- Recruit, develop and retain internationally recognized, competent faculty members in all the disciplines.
- 3- Continue to develop administration that will provide leadership for achieving strategic goals
- 4- Maintain and enhance the quality assurance management, verified through accreditation by National and International Accrediting agencies in Pharmacy Education.
- 5- Engage the local, national, and international communities for mutual benefits through expanding the opportunities for collaboration, continuing professional development and postgraduate education.
- 6- Conduct exceptional research in basic and clinical sciences.

For this purpose, 56 integrated courses (including four university required Islamic courses) are offered during the course of studies along with meticulous Clinical Training.

Five year Pharm.D. Program comprises of four years of didactic education with experiential modules of Introductory Pharmacy Practice Experience, while the last year consists of supervised patient centered experiential training with 10 clinical rotations as Advance Pharmacy Practice Experience in different local hospitals, where students attend clinical rounds with Physician and medical students under the supervision of a Clinical Pharmacist. The university has formal contracts with Ministry of Health, according to which students of health colleges are entitled to use the facilities of MoH hospitals for training.

College of Clinical Pharmacy has developed since its inception; the emphasis has been always on improvement of the quality of learning and teaching in its program.

COCP Initiatives

Following are some of the initiative the college has been taken in order to progress in this direction.

Revising the curriculum

As a component of its development, process the college has revised its curriculum where some new courses were introduced and previous courses were shifted around in the program for vertical and horizontal matching of all courses. The course outcomes were defined and these were matched with those of the program. *Library assignments, component of inter-professional education and community engagement were introduced.*

Developing a Medium Term Strategic Plan for the College

The college has completed strategic planning process where it has identified major goals and objectives to be achieved by the academic year 2015 -2016. The college vision and mission were restarted in harmony with those of university vision and mission. This planning process has guided the college to identify major goals and objectives that should be accomplished within specified time to achieve the mission.

Developing on Operational Plan

COCP faculty, led by the Steering committee for strategic plan has developed an Operational plan for the year (2018-2019) of the strategic plan, which includes 2nd semester of 2016-2017 and 1st semester of 2018-2019, to provide guidance and motivation to those who are responsible for various action plans. Successful execution of first operational plan, is our compass in defining our future, as the implementation of action plans for first year, will provide foundation stone for subsequent developmental plans of COCP.

Developing and Implementing on Assessment Plan

The assessment committee of COCP in collaboration with curriculum development committee has developed its assessment plan for self-assessment and accountability for all the action and procedures. Leading toward achievement of COCP mission, through achievement of Pharm D. program outcomes, and COCP strategic plan goals and objectives, pertaining to mission related areas, to determine extent of achievement and to provide input to the concerned corners for progress, which comply with the Quality Standards of National (NCAAA) and International (ACPE, CCAPP) Accrediting agencies.

Recruiting Plan and Hiring Faculty

Recruitment at COCP is the responsibility of the Dean assisted by the Recruitment Committee and Departmental Heads. The college has developed its recruitment plan, where Recruitment calendar, Department Load and Requirement, procedures for hiring new faculty and assessment of recruitment process are described.

Extension and New College Building

To accommodate the increasing number of faculty and improving the laboratory facilities for the students, the college has been moved to the new building, which provided more office place for the faculty, lecture rooms, and laboratory facilities for both male and female students. The new purpose built college building, located in the University City, was handed over to the college in 2015.

Standard Operating Procedure

All the standard operating procedures (SOPs) were updated and/or completed for various departments, committees, including the faculty, staff and equipment.

Student Committees and Student representation in College Committees

With an intention of inculcating leadership qualities in the students, student committees have been constituted and the student representative are taken in the college committees to signify the student's point of view in various issues.

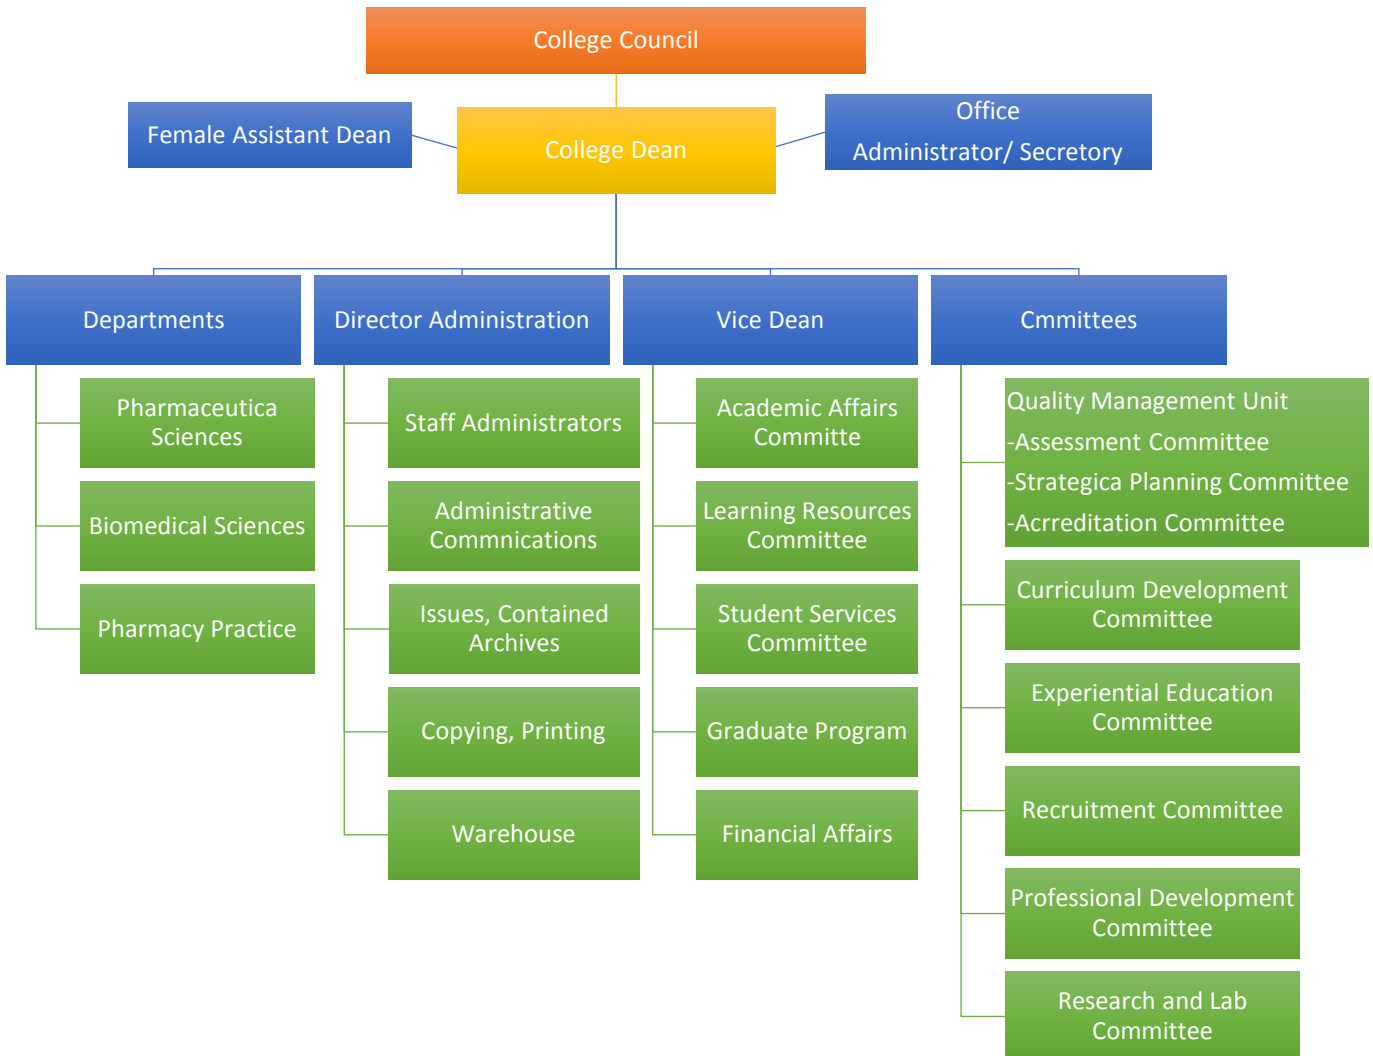

King Faisal University had initiated an ambitious project in 2010 by redefining its future strategic directions. This has resulted in a new vision and mission as well as key strategic objectives enshrined in the new strategic plan for the university. The COCP reviewed its mission statement in accordance with new university mission and it is reflected in the program mission statement.

Based upon the mission statement of the faculty, strategic plan for medium term duration (2016-2020) has recently been developed.

Terminal Program Outcomes

1. Following eight, terminal program outcomes are derived from the program mission:
2. Apply fundamental scientific knowledge and principles as basis of pharmaceutical and clinical sciences.
3. Apply knowledge of biomedical sciences for understanding of disease process and its diagnosis.
4. Developed patient data base from patient interview, review hospital record and communication with other health care professionals.
5. Apply knowledge of clinical sciences in designing patient specific therapeutic plan based on best evidence and counseling the patient regarding it.
6. Retrieve, interpret, and report drug information from pharmaceutical and biomedical science recourses and apply information to specific patient care situation.
7. Recognize basic principles of drug development, formulation, and bioequivalence studies to contribute in pharmaceutical industry and in research institutes.
8. Appreciate necessary knowledge in organizational and administrative domains for management of pharmaceutical services and practice.
9. Recognize basic principles to design, implement and conduct research in different field of pharmacy practice.

The COCP has the following administrative hierarchy

College of Clinical Pharmacy Council

College Council: The College Council serves in an executive council approving all the decisions of Departments, Committees and those of the Dean pertaining to all Academic, Administrative and Financial issues, and recommend and forward the relevant issues to the University Council through Deanship of Academic Affairs, for final approval.

College council is appointed by the Presidential order, and consists of the following members:

1. Dean, COCP	[Dr. Bandar E. Al-Dhubaib]	Chairman
2. Vice Dean,	[Dr.] Mervet Elmostafa	Member
2. Chair of the pharmaceutical Sciences Dept.	[Dr. Bandar E. Al-Dhubaib]	Member
3. Dean, College of Medicine	[Dr. Hatem Othman Qutub]	Member
4. Dean, of Admission and Registration	[Dr. Mohammed Al-Fredan]	Member
5. Coordinator of the Pharmacy Practice Dept.	[Dr. Yasir A. Ibrahim]	Member

College Council meets monthly and all the decisions in College Council are made by voting; Dean's vote being the casting.

Dean of COCP is the academic and administrative leader of the COCP Council. He is responsible for development, implementation, evaluation, and enhancement of the educational program.

The Dean of COCP met with the department coordinators and faculty members several times through the academic year 2018-2019 and did follow up for the academic affairs and research activity in COCP. Moreover, he met with the head of committees of COCP and discussed the issues expressed by presentation done by each committee to present their activities and their role in each field.

تشكيل اللجنة

تم إعادة تشكيل وتعديل اسم لجنة الشؤون الإكلينيكية العملي إلى لجنة التدريب التعاوني والشراكة المجتمعية بالكلية طبقاً لقرار سعادة عميد الكلية لتصبح على النحو التالي:

رئيس اللجنة	د. ياسر أحمد محمد إبراهيم
منسقة	د. سارة إبراهيم العامر
منسق	د. إفريين مولينا
عضو	د. أفضل حق
عضو	د. وليد الحسن
عضو	د. داليا المغربي
عضو	د. أحمد عادل
عضو	د. هاني عزت
عضو	أ. خالد الزيادي

انجازات اللجنة

- عقدت لجنة التدريب عدد من الاجتماعات بالمستشفى والكلية وناقشت فيها ما يلي:

1. تكليف سعادة الدكتور/ إفريين مولينا لإعداد محاضرات الاجتماعات باللغة الانجليزية.
- 2- متابعة تدريب السنة النهائية في المستشفيات ومناقشة التقارير الدورية للطلاب ودراسة بعض الطلبات المقدمة من الطلاب واتخاذ القرارات المناسبة مع حل جميع المشكلات التي تواجه الطلاب أثناء التدريب.
- 3- البرنامج المقترح لتدريب الطلاب في المستشفيات والصيدليات الأهلية ووافق أعضاء اللجنة بالإجماع على البرنامج رهناً بتوفر كل ما يلزم في أماكن التدريب مع التأكيد على بعض الأمور الهامة وهي:
 - اعتماد شهادة مساعدة الحياة الأولية حضور دورة منع العدوى كمتطلب قبل بدء تدريب السنة النهائية في المستشفيات.

- تكافؤ الفرص لجميع الطلاب على جميع مستويات التدريب .
- تنفيذ محاضرات توعية للطلاب بأهمية التدريب العملي وكيفية الاستفادة منه.
- متابعة الطلاب أثناء فترات التدريب بأنواعه المختلفة وتوجيههم وتذليل أي عقبات يواجهونها . -
- أهمية النواحي الأدبية والأخلاقية للطلاب قبل حضورهم البرامج التدريبية في مختلف المستشفيات والصيدليات الأهلية. وأن هذا يمكن تحقيقه من خلال موقف مهني في الكلية والحفاظ على الانضباط التام داخل وخارج القاعات الدراسية .
- تذكير الطلاب بأن الانطباعات التي ستؤخذ عنهم أثناء التدريب سوف تستمر معهم خلال حياتهم المهنية وان سلوكهم خلال فترة التدريب سيقدر مستقبلهم المهني .
- وقررت اللجنة انه عند تلقي أكثر من ثلاث شكاوى تتعلق بطالب معين أثناء تدريبه سوف يتم إلغاء برنامجه التدريبي وأن يعاود التدريب على مدى العام المقبل.
- أوصت اللجنة بإضافة بعض الاقتراحات التالية لأخذها في الاعتبار وإدراجها في البرنامج أثناء إجراء التدريب:

- تدريب طلاب السنة النهائية بالمستشفيات:

- تم تحديد المشكلات التي تواجه الطلاب في التدريب وحلها.
- تم التحضير وإجراء الترتيبات اللازمة لتدريب وتوزيع طلاب السنة النهائية الذي سيبدأ الصيف المقبل.
- تم دراسة الطلبات المقدمة من الطلاب المتدربين واتخاذ القرارات المناسبة.
- تم مناقشة كيفية مواجهة زيادة أعداد الطلاب خلال العامين المقبلين مع توافر أماكن محدودة للتدريب لذا أوصت اللجنة بزيادة أقسام التدريب الواجب على الطالب اجتيازها في الخطة الدراسية الحالية وعددها 11، 7 منها إجباري 4 اختياري والذي من شأنه توزيع الأعداد الكبيرة من الطلاب على عدد أكبر من التخصصات بسهولة ويسر وتوفير أماكن أكثر للتدريب وهي كالتالي:
- مستشفى الحرس الوطني بالإحساء.
- مستشفى أرامكو/ جون هوبكنز الخبر.
- مستشفى الأمراض النفسية بالهفوف
- مركز الأمير سلطان للقلب بالإحساء
- العيادات الخارجية لجامعة الملك فيصل بالإحساء
- مستشفى الأنف و الأذن والحنجرة بمحاسن

- مستشفى النساء و الأطفال بمحاسن
- مستشفى بن جلوي الجديد بمبرز
- مستشفى الملك فهد التخصصي بالدمام.

- أوصت اللجنة بمتابعة كل المستشفيات التي سوف يتم تدريب الطلاب بها ويجب أن تكون شاملة لكل التفاصيل وما لكل طرف من حقوق وما عليه من واجبات وذلك لتفادي أي مشاكل في المستقبل .

- تم مناقشة الترتيبات اللازمة لتوزيع طلاب السنة النهائية على المستشفيات التي أبدت موافقتها على تدريب طلاب من الكلية طبقاً للمعدلات التراكمية والسلوك وتقييم التدريبات السابقة وذلك للعام المقبل على أن يبدأ التدريب الإكلينيكي 1 يوليو 2018. أما التدريب الصيفي فهو يبدأ من 5 مايو 2018 بمشيئة الله تعالى.

- تم إعداد جدول التدريب لسنة الامتياز للطلاب والذي مدته 40 أسبوع وإعادة توزيع الموضوعات على فترة التدريب بشكل يضمن الاستفادة القصوى من التدريب **التدريب الصيفي لطلاب السنة الثانية بالصيدليات الأهلية:**

- تم مناقشة التقرير المقدم من كل من سعادة الدكتور / بروميس ايمكا عضو اللجنة المكلف بالإشراف على التدريب بالصيدليات الأهلية (صيدليات الدواء) للبنين والعيادات الخارجية للبنات عن سير التدريب لطلاب السنة الثانية الذين أدوا التدريب الصيفي. وعليه تم إضافة الدكتور/ ماهيش اتيماراد للمساعدة في تغطية تدريب البنات بالعيادات الخارجية.

- اطلعت اللجنة على بعض التقارير الواردة من الصيدليات بالإضافة إلى تقارير المشرف القائم بالزيارات المتكررة للطلاب أثناء مدة التدريب حيث وصلت جميع التقارير من الصيدليات الأهلية وتقييم العروض التقديمية عن التدريب طبقاً للجدول الزمني المعد من قبل والذي تم فيه تحديد الموضوعات وتوزيعها على الطلاب قبل بداية التدريب كما تم اعتماد النتائج في ضوء ما سبق.

- تم دراسة الطلبات المقدمة من الطلاب المتدربين واتخاذ القرارات المناسبة.

- اعتماد توزيع الدرجات السابق

40 % للمشرف القائم بالزيارات الميدانية (عبارة عن 30% للتقارير الواردة من المشرف القائم بالزيارات الميدانية + 10 تقييم شامل ومناقشات شفوية) + 20% للتقارير الواردة من الصيدليات + 40 % العرض التقديمي بعد التدريب

- تم إعداد التدريب الصيفي لقسم الطالبات وتوجيه الطالبات للتدريب بقسم الصيدليات الخارجية (بالمستشفيات) صيدليات العيادات الخارجية) وذلك لعدم إمكانية التحاقهم بالصيدليات الأهلية وتم

إجراء الاتصالات اللازمة وإرسال الخطابات للتنسيق مع المستشفيات الخاصة لتدريب الطالبات في صيدليات العيادات الخارجية لتلك المستشفيات.

- قام الدكتور د. ياسر إبراهيم بإجراء الاتصالات والتنسيق مع الصيدليات الأهلية (سلسلة صيدليات الدواء) وتم توزيع طلاب السنة الثانية في التدريب الصيفي مع مراعاة ان تكون الصيدليات المختارة للتدريب قريبة من بعضها حتى يمكن إجراء عدد كبير من الزيارات الميدانية يوميا بسهولة. تم مناقشة جدول التدريب الصيفي للطلاب وإعادة توزيع الموضوعات على فترة التدريب بشكل يضمن الاستفادة القصوى من التدريب.

- تم الاتفاق على بدء التدريب يوم 2018/5/5 عقب انتهاء اختبارات الفصل الدراسي الثاني مباشرة
