**Achievements:**

COCP attaches importance to activities and community engagement as detailed in its mission. To this end the committee has developed and facilitated a variety of programs and activities in order to meet this objective. In its meetings the following programs as listed below are to be facilitated during the academic year 1433/1434 H. This is to enable both the faculties and students to improve their skills and benefits from these activities

- 1 - Cultural and scientific activities.
- 2 - Media activities.
- 3 - Social activities.
- 4 - Sports activities.

**1 - Cultural and scientific activities.**

Committee organized many scientific and cultural activities, during this period, including, research, cultural and community service lectures with the assistance of the departments, and several workshops in various areas like conferences and seminars which were attended by the staff and students as well as the faculty members and selected students participated in training sessions in the areas of academic affairs, research and quality. The committee participated in implementation of service learning modules.

**1-1- Public, cultural and scientific lectures.**
