

## 1. Activity and Community Engagement Committee

### Academic year 1433-1434 H (2013/2014)

#### Formation

This committee was constituted according to administrative decision No. 451/2/38/A, dated 6-11-1433 H. and issued on 29-12-1434 H

#### Committee structure (Members of the committee) (2012-13)

- **Dr. Hany Ezzat - Head of Committee.**
- Dr. Ahmed Rajaa - Coordinator of committee.
- Dr. Nashwa Zaher
- Mr. Tameem Alyahiyan
- Mr. Abdulaziz Aljhani
- Mrs. Fathimah Alqarni
- Mrs. Aljawaher Almulhim
- Ms. Fathimah Alhadad
- Mr. Mosaab Aladeel

**Meetings:**

The committee held five meetings as presented as the table below.

Number	Date	Venue
1	17/9/2013; 13:30	Meeting hall, COCP
2	3/10/2013; 13:00	Meeting hall, COCP
3	21/11/2013; 11:30	Meeting hall, COCP
4	17/12/2013; 13.30	Meeting hall, COCP
5	2/1/2014; 13.30	Meeting hall, COCP

**Achievements:**

COCP attaches importance to activities and community engagement as detailed in its mission. To this end the committee has developed and facilitated a variety of programs and activities in order to meet this objective. In its meetings, the following programs as listed below are to be facilitated during the academic year 1433/1434 H. This is to enable both the faculties and students to improve their skills and benefits from these activities:

**1 - New-Faculty Orientation Program (NFOP-2013) on 29th August 2013.**

To help new faculty to have a good start and to have smooth and enjoyable work experience at COCP and KFU, the College organized New Faculty Orientation Program (NFOP-2013) on Thursday, Aug 29, 2013, from 1:00 pm to 4:00 pm.

The orientation started with the welcome speech by Dr. Ibrahim Alhaider, Dean, COCP, followed by an introduction to human resources (e.g., benefits, use of information technology/computer orientation, etc.), as well as familiarization to the Islamic/Saudi culture/KFU/College of Clinical Pharmacy organizational culture.

During orientation program, Dr. Afzal Haq Asif Associate Professor, COCP explained the College of Clinical Pharmacy and King Faisal University policies and resources to the new Faculty members. Furthermore, a brief overview of the College, curriculum, academic and assessment program, and professional development were also detailed. Dr Afzal also introduced the Faculty Handbook and explained the Mission, vision and Goals of the College of Clinical Pharmacy, the strategic plan, university Byelaws, promotion and tenure process.

Dr. Shree Harsha, Assistant professor, COCP, delivered the next presentation. In his presentation, he explained the facilities and resources available in the Library such as online book catalogue, ordering new books and Saudi Digital Library. He also scheduled the library visit for all the new faculty members.

The next presentation was delivered by Dr. Mohamed Morsy, Associate Professor, COCP. He briefed about research grants available in Saudi Arabia (Deanship of Scientific Research, KFU

and King Abdulaziz City for Science and Technology, KACST). Dr. M. Morsy highlighted the different types of KACST research grants and dates of submission of proposals.

COCP, its administration, all the faculty and students welcome the new faculty members, hope, and pray to have a mutually beneficial and rewarding association.

Finally, feedback from newly joined faculty members were also collected.

## **2 - Weekly lectures, on general topic of interest for faculty and students.**

Committee organized many scientific and cultural activities, during this period, including, research, cultural and community service lectures with the assistance of departments, and several workshops in various areas which were attended by the staff and students as well as the faculty members and selected students participated in training sessions in the areas of academic affairs, research and quality. The COCP invited a number of specialists from within and outside the university according to the following.

No.	Date	Title of the presentation	Presenter
1	3-9-2013	Sci-finder database- Part I	Dr. Christophe Tradrat
2	11-9-2013	Sci-finder database- Part II	Dr. Hany Ezzat
3	18-9-2013	Plagiarism Detection tools	Dr. Sree Harsha
4	25-9-2013	Report for CCAPP -1	Dr. Tasleem
5	25-9-2013	Report for CCAPP -2	Dr. Tasleem
6	9-10-2013	Report for CCAPP -3	Dr. Sabah Akrawi
7	23-10-2013	Report for CCAPP -4	Dr. Wael Soliman & Dr. Promise Emika
8	30-10-2013	Report for CCAPP -5	Dr. Afzal Haq Asif
9	20-11-2013	Professional Development in Higher Education	Dr. Mohammed Abdu

No.	Date	Title of the presentation	Presenter
10	27-11-2013	My proposal for KACST (Interaction of Anti-cancer Drugs with Hepatic and Renal Transporter Proteins)	Dr. Mohamed Morsi
11	4-12-2013	My proposal for KACST (Drug delivery through nails)	Dr. Anroop Nair
12	18-12-2013	Understanding the assessment of exam answer script	Dr. Mahesh Attimarad
13	25-12-2013	University-Industry Collaboration	Dr. Afzal Haq Asif
14	26-2-2014	Smartphone Peripherals & Gadgets for Research /Medicine	Dr. Noor Kamil
15	5-3-2014	The research projects of the students	Students
16	12-3-2014	The Course Report Seminars	Faculty members
17	19-3-2014	The Course Report Seminars	Faculty members
18	26-3-2014	The Course Report Seminars	Faculty members
19	2-4-2014	The Course Report Seminars	Faculty members
20	16-4-2014	ACADOX	Dr. Michelyne Haroun *
21	23-4-2014	Rubrics a Relevant Tool for Non-Measurable Assessment to Support Accreditation Needs	Dr. Nashwa Zaher*
22	30-4-2014	Problem-based learning	Dr. Asia Taha *

**\*Location:** Central Library, Building 33 Video Conference Room for men.  
Library for female students, Building 58, Conference Room for ladies.

### **3- Community engagement and professional training lectures.**

The committee organized numerous lectures on health issues with the support of faculty members. This was in accordance with COCPs' vision and mission in community engagement and professional training.

#### **3-1-The college's Participation in community Pharmacist's role in diabetes management symposium.**

In the framework of the activities carried out by the faculty members of the COCP, the college participated in a symposium on "the community Pharmacist's role in diabetes management". The general directorate for control of genetic and chronic diseases organized the event on 11<sup>th</sup> September 2013 in Ramada hotel Dammam. In the first session, Dr. Mohammad Zaitoun, Lecturer, Department of Pharmacy Practice gave an introduction to diabetes, its complications and different lines of treatment focusing on the

community Pharmacist's role in management of the disease. In the second session, Dr. Ahmed Sarsour, Lecturer, Pharmacy department focused on different types of insulin, designing an insulin regimen and the proper use of different insulin dosage forms. The symposium was moderated by Dr. Ahmed Al Madani, the training supervisor of the general directorate for control of genetic and chronic diseases and was attended by community Pharmacists from eastern province.

### **3-2-Dr. Yassir Ibrahim presents at the King Abdul Aziz Hospital, Al-Ahsa: Continuous Medical Education:**

Dr. Yassir Ibrahim, Co-ordinator of Department of Pharmacy Practice, COCP delivered a presentation during CME/PD activity entitled "Patient Catered Pharmacotherapy" held on 18th Sept. 2013 at National Guard Health Affairs, King Abdul Aziz Hospital, Al-Ahsa.

### **3-3-COCP participation in world mental health day:**

Dr. Mohammad Zaitoun, Clinical lecturer and Dr. Abdulrahman Alnijadi, Teaching Assistant, Department of pharmacy practice participated in the celebration of the world mental health day, an awareness campaign entitled (Mental Health and the Elderly) organized by the Directorate of Health Affairs of Al-Ahsa on 25-26/12/1434 in Al-Ahsa Psychiatric Hospital.

Dr. Mohammad Zaitoun delivered a lecture on "Psychotropic Drugs in Geriatrics". Besides Dr. Abdulrahman Al nijadi, the teaching assistant at the pharmacy practice department, a group of clerkship students attended the campaign activities.

### **3-4-COCP participation in the Psychiatric drugs symposium held in Al-Ahsa Psychiatric Hospital:**

In the framework of the activities carried out by the faculty members and college students, the college participated in the Psychiatric drugs symposium held in Al-Ahsa Psychiatric Hospital on 5th and 6th of February 2014.

Dr. Mohammad Zaitoun, Lecturer, Department of Pharmacy Practice presented a lecture on "Role of Clinical Pharmacist in Psychiatry ." Dr. AbdulRahman Al Nijadi, Teaching Assistant, Department of Pharmacy Practice and the clerkship students: Sara Al Hussain, Hawraa Al Khamis and Somaya Al Khawaja, also attended the symposium

### **3-5-Presentation by COCP faculty at Prince Sultan Cardiac center**

Dr. Mais Hasan Iflafieli delivered a lecture on Glycoprotein IIB/IIIa antagonists on 24th March 2014 at Prince Sultan Cardiac center, Al-Ahsa. Hospital Medical staff actively participated in the presentation.

The presentation was mainly focused on pharmacokinetics and pharmacodynamics of Glycoprotein IIB/IIIa inhibitors, role of these medications in acute coronary syndrome, and administration with and without PCI

### **3-6-COCP participation at KFH presentations:**

Dr. Amal Abu Alhommos delivered a lecture on Nurse Intervention in Epilepsy on 26th March 2014 at King Fahad Hospital, Al-Ahsa. Hospital nurses participated in the presentation. The presentation includes the introduction to epilepsy, its prevalence in the world, its types and, the First Aid for nurse in epilepsy activity. The bulk of the lecture was on the nurse interventions for epileptic patients in hospital or clinics with health care providers. Finally, there were two published articles that show the important role for Epilepsy Specialist Nurses (ESN) in providing the best patient service and the percentage of shortage for ESN in hospitals.

### **3-7-COCP faculty participation in seventh symposium of Psychiatric Pharmacy:**

In the framework of the activities carried out by the college faculty, Dr. Mohammad

Zaitoun, lecturer of Pharmacy Practice, gave a lecture entitled “ Psychotropics in pediatric population: a medication safety perspective” in the seventh symposium of Psychiatric Pharmacy held in Al-Amal complex for Mental Health in Riyadh on Thursday, 10th of Jumada II 1435 the 10th of April 2014. In its three scientific session, the symposium discussed psychotropic medications safety, role of Pharmacist in pediatric psychiatry and recent innovations in pharmacy automation. The symposium was held under the patronage of the director of health affairs in Riyadh region with the participation of Dr. Yousuf Al-Omi general director of pharmaceutical care in the Saudi ministry of health. The scientific program was prepared by 9 lecturers from different Saudi hospitals and universities.

### **3-8-COCP Participation in MCH organized Symposium:**

Dr. Yasir A. Ibrahim, Coordinator, Department of Pharmacy Practice, participated in a symposium entitled "Maximizing Outcome of Appropriate Antibiotic Therapy" and gave a lecture on "The Role of Antibiotics in the Management of Serious Hospital-Acquired Infections in the first session and on "Vancomycin & Aminoglycosides TDM Theoretical View and Applied Practical Cases" during second session. Maternity and Children Hospital (MCH) organized this symposium on 27th April 2014 at Maternity and Children Hospital lecture hall. Many health professionals of MCH (Pharmacist, Pediatrician, General Physician , infectious disease specialists and Nurses) and COCP training students Actively Participated in the symposium. The symposium was focused on

1. identification of strategies, which, optimize the dosing of Antimicrobials to maximize clinical outcome from infections
2. to reduce the development of antimicrobial resistance including defining the role of newer antibiotic options in treating serious hospital infections caused by emerging gram-negative and gram-positive pathogens and
3. the value of therapeutic drug monitoring (TDM) of antibiotic for maximizing killing or inhibition of bacterial growth.

### **3-9-Lecture on Novel Anticoagulant Medication For Atrial Fibrillation:**

Dr. Mais Hasan Iflaifel, Clinical Lecturer, Pharmacy Practice Department delivered a lecture entitled "Novel Anticoagulant Medication For Atrial Fibrillation", on 26th May 2014 at Prince Sultan Cardiac Center Al hasa (PSCCH). Cardiology consultants, specialist, residents, surgeons, pharmacist and nurses of Cardiac Center attended the presentation.

The lecture was mainly focused on new anticoagulants (dabigatran, apixaban, rivaroxaban) mechanism of action and data behind the use of new anticoagulants in atrial fibrillation. Then Dr. Mais discussed about Pharmacokinetics and dynamics for each medication compared to warfarin and how to convert patients from warfarin to new anticoagulants. Finally, Dr. Mais highlighted the evaluation of the overall risks across studies.
